DAN RUBY

RUBY for Ashland City Council

An Ashland that works for everyone.

I've called Ashland home for more than eight years. I'm running for City Council to keep our community affordable and welcoming, strengthen essential services, and turn good plans into practical results for the people who live and work here.

FOUR PRIORITIES FOR ASHLAND

1 Make everyday life more affordable

Improve utility-assistance outreach and explore expanded support. Lower bills through energy and water conservation, and weigh fees against household budgets.

2 Housing people can afford

Expand affordable rentals, homeownership and accessory dwelling units. Put existing homelessness plans into action, connecting shelter and services to stable housing.

3 Responsible, transparent budgeting

Set service priorities first, align staffing with sustainable revenues, and make budget decisions and household costs clear to residents.

4 Resilient, effective government

Act on wildfire and climate plans. Strengthen partnerships with schools, SOU and community organizations, with clear goals and public accountability.

EXPERIENCE THAT SERVES ASHLAND

Ashland School Board member • Sunstone Housing Collaborative co-founder
25+ years in education, STEM and nonprofit leadership
